

Supplementary — Title of the article

Authors: AUTHOR ABCDEFG  
 – Some Department, Some University,
 Some Country
 author.abcdefg@org.country

 AUTHOR HIJKLMN 
 – Some Organization Department, Some Institute,
 Some Country
 author.hijklmn@org.country

Beginning of supplementary text...

1. SOME SECTION

Some text..., as referred by [Rubin \(1988\)](#), (see also [Author1, 1980](#); [Author1 et al., 1980](#))...

1.1. Some subsection

Some text...

Some table (Table [1](#))...

Approach	Advantages	Disadvantages
Ignore...	Simplicity	Overlooking...
Fixed-weight	Theoretical consistency	Choice of imputation...
Variable-weight	Minimisation...	Theoretical inconsistency

Table 1: Advantages and disadvantages of different approaches to the treatment of factual items in a XYZ.

Some text...

 Corresponding author

Some figure (Figure 1)...

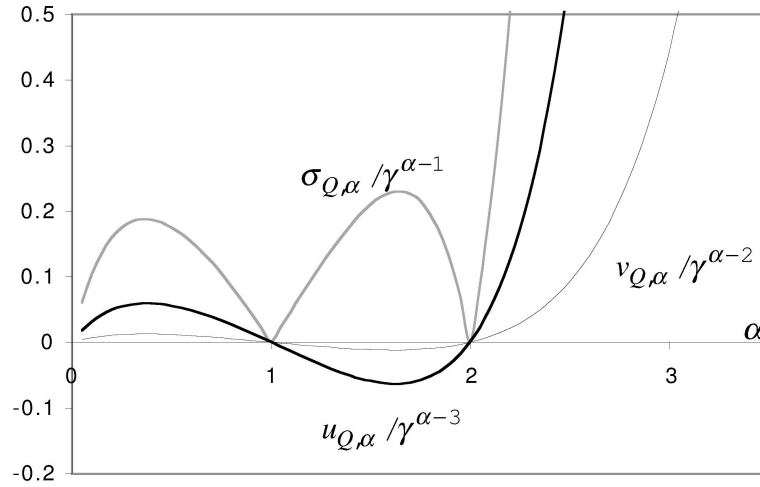

Figure 1: Carry forward and percentage change indices.
Both indices tend to approximate in the months with less prices.

Some theorem (Theorem 1.1)...

Theorem 1.1. *Some text...*

Proof: This could be the proof of the previous Theorem...

□

(Similar environment for corollary, proposition, ...)

Remark 1.1. *Some text...*

(Similar environment for definition, example, note, ...)
